#### APPENDIX A TO PART 6—STATEMENT OF PROCEDURES ON FLOODPLAIN MANAGEMENT AND WETLANDS PROTECTION

AUTHORITY: 42 U.S.C. 4321 *et seq.*, 7401-7671q; 40 CFR part 1500.

SOURCE: 44 FR 64177, Nov. 6, 1979, unless otherwise noted.

### Subpart A—General

#### § 6.100 Purpose and policy.

(a) The National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.*, as implemented by Executive Orders 11514 and 11991 and the Council on Environmental Quality (CEQ) Regulations of November 29, 1978 (43 FR 55978) requires that Federal agencies include in their decision-making processes appropriate and careful consideration of all environmental effects of proposed actions, analyze potential environmental effects of proposed actions and their alternatives for public understanding and scrutiny, avoid or minimize adverse effects of proposed actions, and restore and enhance environmental quality as much as possible. The Environmental Protection Agency (EPA) shall integrate these NEPA factors as early in the Agency planning

processes as possible. The environmental review process shall be the focal point to assure NEPA considerations are taken into account. To the extent applicable, EPA shall prepare environmental impact statements (EISs) on those major actions determined to have significant impact on the quality of the human environment. This part takes into account the EIS exemptions set forth under section 511(c)(1) of the Clean Water Act (Pub. L. 92–500) and section 7(c)(1) of the Energy Supply and Environmental Coordination Act of 1974 (Pub. L. 93–319).

(b) This part establishes EPA policy and procedures for the identification and analysis of the environmental impacts of EPA-related activities and the preparation and processing of EISs.

#### § 6.101 Definitions.

(a) *Terminology.* All terminology used in this part will be consistent with the terms as defined in 40 CFR part 1508 (the CEQ Regulations). Any qualifications will be provided in the definitions set forth in each subpart of this regulation.

(b) The term *CEQ Regulations* means the regulations issued by the Council on Environmental Quality on November 29, 1978 (see 43 FR 55978), which implement Executive Order 11991. The CEQ Regulations will often be referred to throughout this regulation by reference to 40 CFR part 1500 *et al.*

(c) The term *environmental review* means the process whereby an evaluation is undertaken by EPA to determine whether a proposed Agency action may have a significant impact on the environment and therefore require the preparation of the EIS.

(d) The term *environmental information document* means any written analysis prepared by an applicant, grantee or contractor describing the environmental impacts of a proposed action. This document will be of sufficient scope to enable the responsible official to prepare an environmental assessment as described in the remaining subparts of this regulation.

(e) The term *grant* as used in this part means an award of funds or other assistance by a written grant agreement or cooperative agreement under 40 CFR chapter I, subpart B.
